## **Spay and Neuter Program Re-instated**

**Thibodaux, LA** – The City of Thibodaux and the Thibodaux Police Department are teaming up with a participating veterinarian to re-instate the Spay/Neuter program. The purpose of this program is to help reduce animal over population and increase the overall health of pets within the City.

A voucher in the amount of \$100 will be issued to qualified individual households to spay/neuter a cat or dog. Only one voucher will be issued to a qualifying household per year. The recipient of the voucher must agree to provide all necessary documentation needed for eligibility, pay the remaining cost associated with the spay/neuter, schedule the procedure with the approved veterinary clinic upon receipt of the voucher and delivery and pick up the animal for the scheduled procedure.
